

You are invited to a GDPR and employment law seminar.

With just over 100 days left to the introduction of the EU GDPR Legislation, we want our clients to know and understand the implications and their own obligations before the 25th of May 2018.

Once this legislation comes into place, it will be the responsibility of the businesses to make sure there is complete transparency and accountability in all forms of data collection and processing.

It is therefore crucial that you know what you are dealing with and ensure that appropriate procedures are in place to safeguard your business.

FMB Advisory Limited invites you to an exclusive event taking place on **1st of March 2018 at the Red Cow Moran Hotel.**

This complimentary event, organised in association with Peninsula, will provide you with the knowledge and tools you need to manage GDPR & Employment Law effectively.
